

Shrink your employees' disability  
insurance premiums

## An Employer Advantage Insurance custom designed disability plan will **lower your employee's premiums.**

Due to rising insurance costs many employers must pass more and more premiums responsibilities to employees. A custom disability plan will provide your employees with the **security they require**, while substantially **reducing their premiums.**

Every aspect of the disability plan is considered and tailored to your specific demographic. By focusing on the **features** that are **most important to your employees** and eliminating those with little value we are able to substantially reduce the cost of income protection insurance.

Employer Advantage Insurance clients **save** an average of **40% of their voluntary premiums** when switching to a custom disability plan from leading providers like: AFLAC, Colonial, ING, UNUM, Boston Mutual, or Allstate.

Employees will love the savings. In addition, Employer Advantage Insurance disability plans offer features that they'll really appreciate. Things like:

**Competitive Premiums**

**Flexible Benefit Periods**

**Guarantee Issue for All Employees Annually**

**High Benefit Maximums**

**Limited Policy Exclusions**

**Superior Claims Support**

**Simplified Application Process**

**Insured by Financially Secure Insurance Carrier**
